Prevention of fire and explosion: No special precautions required.

Storage

Requirements for storage rooms / facilities: In accordance with local and national regulations.
Combined storage in storage rooms / facilities: No special measures required.
Storage conditions: Store in original container.

8. Exposure controls/personal protection

Exposure limits

General protective and hygienic measures: Avoid contact with eyes.

Personal Protective Equipment

Respiratory protection: No special requirements under normal use conditions.
Hand protection: Not applicable.
Eye Protection: No special requirements under normal use conditions.
Skin and body protection: No special requirements under normal use conditions.

9. Physical and chemical properties

General Information

Physical State: Liquid
Colour: Opaque White
Odour: Slightly perfumed

Important Health Safety and Environmental Information

pH: ≈ 5 (neat)
Boiling point/range (°C): Not determined
Flash point (°C): Not applicable
Flammability: Not flammable
Explosive properties: Not explosive
Oxidising properties: Not oxidising
Specific gravity: 1.03 g/cm³ (20°C)
Viscosity: ≈ 2100 mPa.s (20°C)
Solubility in / Miscibility with Water: Fully miscible

10. Stability and reactivity

Conditions to avoid: No decomposition if stored and applied as directed.
Materials to avoid: None known under normal use conditions.
Hazardous decomposition products: None known under normal storage and use conditions.

11. Toxicological information

Acute effects and sensitisation

Acute toxicity: This product has not been tested on animals but based on the toxicological classification the LD50 (oral) is estimated to be > 2000 mg/kg.
Skin contact: Unlikely to be irritant in normal use.
Eye contact: Can cause irritation.
Inhalation: Unlikely to be irritant or harmful in normal use.
Ingestion: Unlikely to be harmful unless excessive amount ingested.
Sensitization: No known effects.

CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction): No known effects.

Repeated dose toxicity: No known effects.

Additional toxicological information: When used and handled according to instructions, the product is unlikely to have any harmful effects.

12. Ecological information

General Information: This product is not subject to labelling requirements for environmental effects according to the classification system of current EC guidelines and corresponding national legislation.

13. Disposal considerations

Product

Waste from residues / unused products: Dispose of in compliance with all Federal, state, provincial, and local laws and regulations.
European Waste Catalogue: 20 01 30 - detergents other than those mentioned in 20 01 29.

Empty packaging

Recommendation: Dispose of observing national or local regulations.
Suitable cleaning agents: Water, if necessary with cleaning agent.

14. Transport information

ADR/RID

Class: -

IMO/MDG

Class: -

ICAO/IATA

Class: -

Additional Information: Non-dangerous according to above regulations

15. Regulatory information

16. Other information

The information in this document is based on our best present knowledge. However, it does not constitute a guarantee for any specific product features and does not establish a legally binding contract
