

Environmental Policy

Zeus involves in storage, distribution and wholesale of packaging, non-food items, and ambient food items. The supply of plain and printed self-adhesive labels and tapes.

Compliance

We are committed to comply with all applicable environmental legislation, statutory and regulatory requirements, the requirements as stated in ISO 14001 Environmental Management System (EMS). Zeus is committed to fulfil its compliance obligations.

Protection

We are committed to protect our environment, and a determination to minimise any adverse impacts on the environment as a result of our activities, products and services.

Prevention

We are committed to prevent pollution. We will continue to develop, implement and promote waste prevention, reduction, reuse and recycling on-site in a systematic and cost effective manner. We will use appropriately regulated waste management contractors to ensure safe management of waste.

We will minimise the emissions from our fleet through adequate maintenance and testing.

Procurement

Our procurement policy is in favour of supplier and contractor who adopts best environmental practices, and could offer sustainable products.

Environmental Objectives

We shall establish environmental objectives at relevant functions and levels, based on significant aspects and impacts identified, and associated compliance obligations, risks and opportunities.

Continual Improvement

We support these commitments by implementing an EMS based on the requirements of ISO 14001. The EMS shall be systematically and periodically assessed for its effectiveness and opportunities for continual improvement.
